Your words were found, and I ate them. And your word was to me the joy and rejoicing of my heart (Jeremiah 15:16)

The life of the body is in the blood...For it is the blood that makes atonement for the soul (Lev. 17:11)

When doctors give blood transfusions, it is needed to save the life of the patient. They are in a sense, giving life. Yet, they have to give blood according to their specific blood type or else the antibodies in the blood system attack it as a foreign agent. There is a blood type known as O negative which is called the universal donor. It is applicable to all blood types and won't be rejected by the receiver. Sometimes a patient is given blood because of a blood disease like Leukemia or some other disease of the blood. So too, we all have a spiritual blood disease. Just like when a patient is HIV positive, we are all SIN positive. We too need a blood transfusion and only the blood of Christ is sufficient to cure us of our condition. The blood of Jesus Christ is able to cleanse a man from all sin. In Him we have redemption through His blood. What can wash away my sin? Nothing but the blood of Jesus. Praise God.

"Now therefore, we are all present before God, to hear all the things commanded you by God." - Acts 10:33 To avoid distracting others please turn off cell phones before the service begins. Thank you.
