

Let's Study Hebrews Together; 7; 11-17

1. Put **V 11-13** in your own words; **the Law was given as a teacher, but it was a perfection that no man was able to fulfill, therefore God in His love provided another High Priest who would fulfill the Law for us.**
 - a. Why did the priesthood need to be changed? **Because as I have mentioned no man could keep the law which made heaven out of reach, so a new Priest, and intercessor must come.**
 - b. How does this cause a change in the Law? **It is not what we do, but what He has done for us, and in us.**

2. Now put **V14-17** in your own words; **the priesthood according to the Law was to be through the line of Aaron, but Jesus was of the tribe of Judah, which makes Him a different High Priest than that of the Law.**
 - a. What is the significance of Jesus not being from the line of Aaron? **That the Law has changed from the works of man to the work of God.**
 - b. What is the significance of; Jesus not has not coming according to the law of a fleshly commandment, but according to the power of an endless life. **He is eternal, and only God is eternal, therefore Jesus is God. This means mankind is no longer under the burden of the Levitical Law.**
 - c. What is the importance of **V17**? **Christ's priesthood never ends, His mercies are yesterday, today, and forever. It is a reminder that we always have and advocate in Jesus Christ.**
